GROUP

As 4D Lighting are preparing for our upcoming Go karting event with our partners for the evening, Lumenpulse, we thought it would be a good opportunity to give you a feel for who Lumenpulse are and what they can offer. This is a project that has an incredible visual effect which is very simply achieved using flood lights to light an entire dam. Scroll down for more information on products used on this beautiful project.

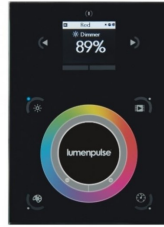

**Be prepared to be inspired over the next 2 weeks!**
