

## Geneva

Stylish recessed fluorescent and LED luminaire

### DESCRIPTION

Available in white, chrome or brass finishes, Geneva is manufactured in steel with an epoxy coating to create a robust, simplistic but unobtrusive emergency fitting.

The Geneva range can be specified as an 8w or LED luminaire that offers long lamp life options of up to 50000 hours.

An optional EXIT legend is available for all versions transforming the Geneva into an attractive edge lit exit sign

### AVAILABLE VERSIONS

Available in 3 hour non maintained and non maintained operation. Geneva can also be specified as a slave luminaire for use with a central battery system.
